Silence Lines LLC is proud to be known as the company that cares about your cargo. Here is a brief list of what makes us stand out between our competitors and why our customers are happy to entrust us with their loads.

## Type of Freight

Silence Lines has a very diverse line of customers and successfully fulfills various types of needs. Our customers include, but are not limited to the following industries

- **Cranes**
- **Construction and Agricultural Equipment**
- **Energy Components**
- **Transformers**
- **Oil and Gas Production Modules**
- **Wind Turbines, Towers and Blades**
- **Mining Equipment**
- **Chillers and Rotors**
- **Pressure and Ethanol Vessels**
- **Boilers**
- **Storage Tanks**
- **Virtually Anything We Can Get on a Trailer**

## Our Services

Silence Lines is currently operating **specialized transportation oversized and overweight** equipment in 48 states and Canada. **We are fully insured for General Liability for \$2,000,000; Auto Liability for \$1,000,000; and Cargo for \$250,000.** Also, additional Cargo coverage is available upon request.

### Silence Lines LLC

23170 Schoenherr Warren, MI 48089

We maintain our own, in house, **Certified Permit Officer**. This allows us to purchase the majority of out of state permits directly from the state, as opposed to the use of permit agencies. This added service provides faster turnaround time on permits.

Additionally, we are a **US Customs Bonded Carrier, C-TPAT, Fast Carrier, PIP, Smart Way, WBENC certified**.

We also have our own **pilot car** service. Our escort vehicle is equipped with the newest GPS and mobile technology. With the permit route preset in the computer, nearly all the guesswork about where the load is supposed to be is eliminated. This allows the driver to focus on moving the load safely and on time.

### Our Fleet

When it comes to our fleet, we buy high grade equipment and keep it in prime condition for dependability and lower operation cost. All our tractors are Volvo 2012 and newer.

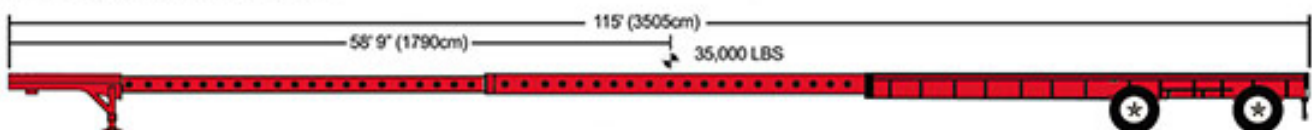

All trailers are air-ride equipped low bed trailers able to haul more than 100 tons.

All the technology in the world does not compare to the extent of our professional expertise, who are trained to the highest level. Our staff not only knows what they are doing, but deeply care about doing it right. Our drivers have up to date training, experience and skills to excel in any situation and respond properly to any challenges that they might encounter. Whether it's 33 loads of crane components, or an 180,000-pound pump house that demanded 15 state permits, six bucket trucks and 30 utility companies, we confidently tackle any type of freight.

**Multiple Axle High Tonnage Double Drop**

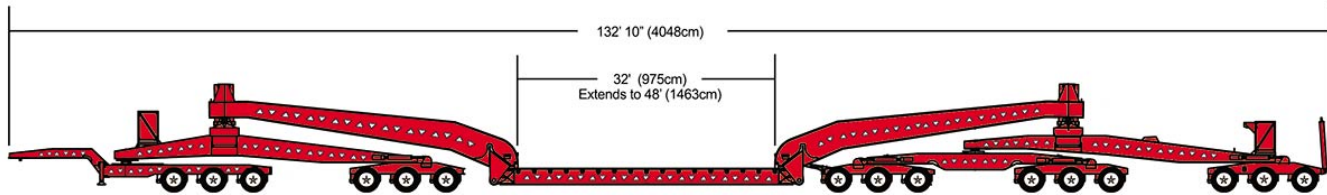

**115' Expandable Flatbed**
